

RINGS

To determine your size, you'll need a reference ring. Choose a ring that fits perfectly on the same finger where you plan to wear your new Gioielliamo ring.

Print the page at 100% scale and make sure your printout matches the exact measurement.

Place your ring on the page and move it over the different sizes until you find the one where the inner part of the ring overlaps perfectly. If your ring falls between two sizes, choose the larger one.
